

To The Honourable Paul Massicotte:

I am writing as Chair of the Friends of Blue Mountain-Birch Cove Lakes Society, another National Urban Park candidate - Halifax's Blue Mountain Birch Cove Lakes Park. We are writing to offer our support for the passage of Bill C-248. As many have indicated to the Senate, the opportunity presented by Bill C-248 offers the optimum level of environmental protection for the Ojibway National Urban Park.

Would you please be so kind as to share this submission with the members of the Standing Committee on Energy, Environment and Natural Resources.

Yours truly,

Mary Ann McGrath

Mary Ann McGrath

Chair, Friends of Blue Mountain-Birch Cove Lakes Society
